

AI Infrastructure Catalog

Current and planned AI infrastructure available to the University.

University-wide

Platform	Cost	Availability	Notes
AI Builder	Free	Now	\$10/day cap
Copilot Chat	Free	Now	
Copilot Pro	\$18/month	Now	
TAICCI	TBD	>1 year out	Texas AI Compute Cooperative Initiative
VISION Superpod	TBD	Now	High technical barrier to entry
Secure ChatGPT/Gemini/Claude	TBD	Early proposal	Pursuing quotes from OpenAI, Google, Anthropic

Strategic Insights Only

Platform	Cost	Availability	Notes
TAI01 research server	—	Now	Donated by Troy Thorne
NVIDIA DGX Spark	—	Now	

Job Roles

Curriculum Integration

Job Role	Name	Scope	Notes
Curriculum Integration Lead	Denise Martinez	Curriculum integration use-cases	

Workforce Development

Job Role	Name	Scope	Notes
Workforce Development Lead	TBD	Workforce development use-cases	

AI Solution Delivery

Job Role	Name	Scope	Notes
AI Solution Delivery Lead	Scott Cook	AI solution delivery use-cases	
AI Solution Delivery Project Manager	TBD	AI solution delivery use-cases	Manages/tracks/prioritizes the AI solution delivery project backlog; primary client point of contact for project status
AI Solution Engineers	Taylor Hutyra + TBD	AI solution delivery use-cases	Develops AI solutions
AI Solutions Support/Operations Engineer (DevOps)	TBD	AI solution delivery use-cases	Deploys, supports, and maintains solutions built by the development team
3rd-Party Product Manager	TBD	AI solution delivery use-cases	Manages the "buy" side of build-vs-buy: evaluates, procures, and manages vendor/3rd-party AI products and solutions

Job Role	Name	Scope	Notes
Copilot POC	TBD	Copilot (Chat/Pro)	Support contact for users needing help
AI Builder POC	TBD	AI Builder	Support contact for users needing help

Organizational Units

Organizational Unit	Name	Scope	Notes
Technical User Group	TBD	High-barrier platforms	Peer community for technical/hands-on AI users (e.g. VISION Superpod, TAI01, DGX Spark)
Governance / Security / Ethics	TBD	Capabilities / Foundation	
External Relations	TBD	Capabilities / Foundation	Monitors AI developments & trends, engages with AI-focused entities beyond Tarleton, tracks AI regulations
Communications	TBD	Capabilities / Foundation	Promotes AI and articulates AI-related developments to the university

Notes

- **Low barrier:** AI Builder, Copilot Chat/Pro, Secure LLM services (when available)
- **High barrier:** VISION Superpod, TAI01, DGX Spark (require technical proficiency)
- **Future:** TAICCI will be foundational for teaching and research once online
